### NO DRUGS, NO GRAFT. \$1,000 Challenge.

Dr. Hardman uses no atropine or other drugs to paralyze the eye in fitting spectacles, pays no commission, graft or takes off to any person for bringing or sending him patients. He has used his safe, scientific methods for over twenty years, by which he has fitted more spectacles than all other in this county combined. When anyone insists on taking or sending you to those of less experience, for glasses or treatment, or offers you a letter of introduction to them, place your hand firmly about your pocket book, squeeze it gently, open your eyes, count five (5) and use your own judgment in choosing your oculist, for no one is competent to advise you on a subject about which he knows nothing. Dr. Hardman will pay one thousand dollars in gold to any oculist or person in the State who can compete with him in fitting spectacles by the use of drugs or any other method except those used by him; patients to decide the contest.

### THE HOLIDAY SEASON

is a happy one for all particularly in the pretty and attractive homes that are finished indoors and out with our perfect and artistic millwork. Staircases, wainscoting, mantels, arches, panels, stairways, etc. look doubly pretty when decorated with the Christmas signs like dolls, mistletoe, etc. It is truly the "house beautiful" if the woodwork is furnished by us.
